Associate in Science	Foundation Courses	NLC	Irving, TX	2011

Certifications

Sun Certified Associate for the Java Platform, Standard Edition 2007

Educational and Volunteer Experiences

Women's Connection Center Lewisville, TX 9/2017 – Present

Assisted the business owner in creating static pages and menus. Demonstrated how to use featured content and put links on the front page. Implemented the use of hosted WordPress so they could use custom plugins and themes.

FBC Lewisville Web Site and App Developer Lewisville, TX 11/2016 – Present

Available for both Android and iOS, the FBC Lewisville app allows you to view the Daily Bible Readings, listen to Pastor Stephen's sermons, view events happening in the church, find out when the church is having services, and view the church on a map.

Networks Denton, TX UNT Project 1/2015

A Java program that maps the cellular and Wi-Fi networks around you (using OpenStreetMaps), and highlights the ones you are connected to.

Login Assistant Denton, TX UNT Project 12/2011

A Java program to automatically log an Android phone into a password-protected (not encrypted) Wi-Fi network.
